

Response Team – Secret Oath-Bound Societies

This committee will provide study resources for understanding the Church of the Brethren position on secret oath-bound societies. In answering a query on the subject of secret oath-bound societies, the 2009 Annual Conference affirmed the 1954 Conference statement on secret societies, but an amendment was added that the officers appoint a team of three persons to develop a listing of resources that affirms the Conference action of 1954. Resources on the list are intended to educate and inform the church concerning membership in secret oath-bound societies. Members of the committee are
